

Request for Research Survey Distribution

One of the most meaningful benefits of NANN membership is your connection to the world's most vibrant and engaged group of neonatal nursing professionals. In an effort to support the research endeavors of our members, NANN has established means for NANN-member researchers to distribute their research surveys with NANN members in a variety of ways.

Surveys are reviewed and approved by the NANN Research Committee, and Institutional Review Board (IRB). Approvals for each survey are kept on file at NANN's national office.

Approved surveys are eligible to be posted on the My NANN community and shared by NANN on NANN E-News and/or NANN social media.

Disclaimer: NANN is not an active sponsor nor participant of approved research surveys. NANN does not collect nor monitor survey data related to approved research surveys. It is the sole responsibility of the researcher to collect the data for his/her survey. In addition, NANN is unable to share member contact information with researchers.
