

National Association of Neonatal Nurses

VIRTUAL

37th ANNUAL CONFERENCE

LIVE **SEPTEMBER 13 – 15, 2021**
ON DEMAND THROUGH **FEBRUARY 1, 2022**

ATTEND NANN'S VIRTUAL 37TH ANNUAL CONFERENCE SAFELY AND ON YOUR OWN TIME!

As the world continues to manage the impact of the global pandemic, your ability to safely attend conference is of the utmost importance to us. This year, experience NANN virtually as we plan for our 2022 in-person event in Las Vegas next year! There's never been a simpler, more convenient, more affordable way to take part in the NANN conference experience.

TO GET THE MOST FROM NANN'S CONFERENCE

We know a virtual conference may conjure up lots of questions and we have answers! Here are our **top tips** for getting the most from NANN's Virtual 37th Annual Conference.

EXPECT THE BEST.

There's nothing quite like a NANN conference and that is the case virtually, too. Look forward to the most exciting speakers and educational topics and many interactive ways to connect with your neonatal nursing peers and industry leaders.

VIRTUAL HELP IS HERE.

Experiencing conference over technology can be tricky, but we'll host practice sessions, share informational videos, and we'll be there to help should questions arise.

THERE'S SO MUCH TO EXPERIENCE.

The virtual format means you'll be able to experience more educational sessions than you could in person. Join during the scheduled conference dates or on demand as your schedule allows. And with on-demand access through February 1, 2022, you can apply CNE hours to 2021 and 2022 requirements!

CONNECT WITH SPEAKERS DURING SESSIONS.

A combination of live streamed and prerecorded sessions allow for different opportunities to connect with speakers in the chat and Q & A. Need to watch later? The chat conversation will still be available for you to access later.

NETWORKING IN THE VIRTUAL WORLD.

We may be physically distant, but we'll be socially connected in the virtual conference. You'll find many **NEW** ways to chat, connect, and learn from each other throughout the conference and even while watching on-demand sessions.

LEARN FROM INDUSTRY LEADERS.

Our industry partners make what we do possible, so be sure to spend time with them throughout conference, attend breakout demos, and take opportunities to connect.
